Specific NSSP Guide Reference	ISSC Constitution, Bylaws, and Procedures Article XIII. Procedure for the Submission of Proposals	
Text of Proposal/ Requested Action	Add a new Section 8. To Article XIII. as follows: <u>Section 8. Proposals that are deemed technical in nature may be submitted to a committee for review. The committee will provide a recommendation to the appropriate Task Force(s).</u>	
Public Health Significance	Historically, technical, complex, and lengthy proposals have been referred to committee because of the difficulty of fully debating these types of proposals in Task Force. This change would allow a more thorough and meaningful review of the proposal.
