

Recall Notice

Re: Recall Notice and Request of Cooperation for Recall Process

Jayone Foods, has initiated a recall of below product due FDA recommending a **voluntary recall** due safety reason.

Product: Item Number: 29897, 29895 - Frozen Oyster Meat - Lot Code: B250206. We are actively working through our recall procedure now.

Effective immediately (July 31, 2025):

Please take the following actions without delay:

1. **Cease sale and distribution** of all Frozen Oysters with **Lot B250206**.
2. **Quarantine/secure all on-hand inventory** of this lot to prevent any further movement.
3. **Provide current figures** for this lot by **today EOD**:
 - o Total **units sold** (by date range if possible)
 - o **Current inventory on hand**
 - o **Locations** where inventory is held (warehouse, stores, in-transit)
4. **Food Safety Assessment**: Initiate and document a food safety assessment for potential contamination claims related to sold oysters from this lot. Please include:
 - o Any **consumer or customer complaints** received (dates, nature of complaint)
 - o **Adverse events/illness reports**, if any
 - o **Product handling and storage records** (temp logs, receiving logs)
5. **Traceability**: if possible, prepare a list of **customers who received Lot B250206** (account name, contact, quantities, ship dates, and PO/invoice numbers).
6. **Communication readiness**: Hold off on external notifications until we provide standardized recall language, **unless** there is an immediate public-health concern. In the meantime, instruct downstream partners to **place the product on hold** if you have already contacted any.

Please **confirm receipt** of this message and the hold action taken. Kindly send the requested data and assessment findings by **close of business today (July 31, 2025, PT)**, or advise immediately if you foresee any delay.

Sincerely,
Jin kang
