Shellfish Harvesting Area Classification-Notification of Changes

September 15, 2017

Ladies and Gentlemen:

Under the authority of 12 M.R.S.A. § 6172; the Commissioner has made the following classification change to Area No. 64-A, Stockton Springs/Deer Isle/Stonington to Machiasport; this notice expands the current clam, mussel, oyster and carnivorous snail closure from Lopas Point (Tremont) to Petit Manan Point (Steuben); AND from Cape Rosier (Brooksville) to Sears Island (Searsport) due to the risk of contamination of clams, mussels and oysters by naturally occurring marine biotoxin (ASP). Species specific Exception Areas are defined in the text and are subject to strict sampling requirements that ensure the safety of harvested product. Bivalve shellfish may be wet stored by certified dealers who are located in an exception area and currently hold a valid wet storage permit issued by the Department in accordance with DMR Regulations 15.32 to 15.35. All existing pollution and red tide/PSP closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

A. Effective immediately, because of amnesic shellfish poisoning (ASP), it shall be unlawful to dig, take or possess any mussels, European oysters, (*Ostrea edulis*) or surf/hen clams (*Spisula solidissima*) from the shores, flats and waters of the following areas:

East of a line beginning at the southernmost point of Cape Jellison (Stockton Springs), then running south to the westernmost tip of Resolution Island (Deer Isle), then running south to the northeastern tip of Compass Island (Deer Isle), then running southeast to the southern tip of Bald Island, then running southeast to the southwestern tip of Barred Island (Stonington), then running south to the eastern tip of Saddleback Ledge (Vinalhaven), then running south to the limit of U.S. jurisdiction; AND west of a line drawn south from Point of Maine (Machiasport) to the limit of U.S. jurisdiction.

EXCEPTION 64-A-01: mussels and European oysters (*Ostrea edulis*) may be harvested north and east of a line beginning at Kimball Head on Kimball Island (Isle au Haut), then running northwest to the easternmost tip of Mullen Head (North Haven); AND west of a line beginning at Head of Cape, Cape Rosier (Brooksville) running northwest to the southern tip of Sears Island (Searsport); AND north of a line beginning at the Richs Point (Isle au Haut), then running northeast to the north tip of Fog Island (Isle au Haut) and then northeast to Sea Cove Head (Swans Island); AND north of a line beginning at North Point (Swans Island), then running northeast to Lopaus Point (Tremont); AND west of the Route 3 Trenton/Bar Harbor Bridge.

~~EXCEPTION 64-A-02: mussels and European oysters (*Ostrea edulis*) may be harvested north of a line beginning at the eastern tip of Youngs Point (Corea/Gouldsboro), then running east to the southern tip of Dyer Point (Steuben).~~

EXCEPTION 64-A-03: mussels and European oysters (*Ostrea edulis*) may be harvested north of a line beginning at the southernmost tip of Ray Point (Milbridge), then running southeast to the southern tip of Ripley Neck (Harrington), then southeast to the southern tip of Cape Split (Addison) and then east to the southern tip of Moose Neck (Addison), then running south to the southern tip of Tibbett Island (Addison); AND north of a line running northeast from the southern tip of Tibbett Island to the southern tip of Norton Island (Beals); AND north of a line running northeast from the northern tip of Norton Island to the northern tip of Beals Island (Beals), then running east to the north shore of Pig Island (Beals), then running east to the northwest tip of Head Harbor Island (Jonesport); AND west and north of a line running northeast from the northwest tip of Head Harbor to the southern tip of Bonney Point (Roque Island); AND west and north of a line running northeast from the north tip of Great Head (Roque Island) to the northwest tip of Shoppee Point (Roque Bluffs).

B. Effective immediately, because of amnesic shellfish poisoning (ASP), it shall be unlawful to dig, take or possess any clams, mussels, oysters or carnivorous snails from the shores, flats and waters of the following areas:

1. East of a line beginning at the southern tip of Lopas Point (Tremont) ~~East Point (Mt. Desert)~~, running southeast to the east tip of East Point (Swans Island), then south to the limit of U.S. jurisdiction; AND west of a line beginning at the southern tip of Petit Manan Point (Steuben) running south to the limit of U.S. jurisdiction.

East of a line beginning at Head of Cape, Cape Rosier (Brooksville) running northwest to the southern tip of Sears Island (Searsport);

If you have questions, please contact Department of Marine Resources, 194 McKown Point Road, West Boothbay Harbor, Maine 04575-0008, Tel: (207) 633-9500 Email: DMRPublicHealthDiv@maine.gov. During **weekends/holidays**, contact on duty Marine Patrol Officers through the appropriate State Police barracks: from New Hampshire border to Brunswick, barracks 1-800-228-0857; from Cushing/Boothbay to Lincolnville/Belfast area, barracks 1-800-452-4664; from Belfast to Canadian border, barracks 1-800-432-7381. Shellfish Harvesting Area Classification-Notification of Changes

September 15, 2017

Ladies and Gentlemen:

Under the authority of 12 M.R.S.A. § 6172; the Commissioner has made the following classification change to Area No. 64-B, Machiasport to Calais; this notice reinstates the regional mussel, European oyster and surf/hen clam closure throughout the region; AND implements a clam, mussel, oyster and carnivorous snail closure in Cobscook Bay due to the risk of contamination of clams, mussels and oysters by naturally occurring marine biotoxin (ASP). Species specific Exception Areas are defined in the text and are subject to strict sampling requirements that ensure the safety of harvested product. Bivalve shellfish may be wet stored by certified dealers who are located in an exception area and currently hold a valid wet storage permit issued by the Department in accordance with DMR Regulations 15.32 to 15.35. All existing pollution and red tide/PSP closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

- A. Effective immediately, because of amnesic shellfish poisoning (ASP), it shall be unlawful to dig, take or possess any mussels, European oysters (*Ostrea edulis*) or surf/hen clams (*Spisula solidissima*) from the shores, flats and waters of the following areas:

East of a line drawn south from Point of Maine (Machiasport) to the limit of U.S. jurisdiction; AND west of the U.S./Canadian border to the limit of U.S. jurisdiction.

EXCEPTION 64-B-02: north of a line beginning at Long Point (Machiasport), running southeast to the northern point of Hog Island (Machiasport); AND east of a line beginning at the northern point of Hog Island (Machiasport), running southeast to the tip of Sprague Neck (Cutler).

- B. Effective immediately, because of amnesic shellfish poisoning (ASP), it shall be unlawful to dig, take or possess any clams, mussels, oysters or carnivorous snails from the shores, flats and waters of the following areas:

East of a line beginning at the eastern tip of Boot Head, Lubec running south to the limits of US jurisdiction; AND west of the US/Canadian border. This includes all of Cobscook Bay.

If you have questions, please contact Department of Marine Resources, 194 McKown Point Road, West Boothbay Harbor, Maine 04575-0008, Tel: (207) 633-9500 Email: DMRPublicHealthDiv@maine.gov. During **weekends/holidays**, contact on duty Marine Patrol Officers through the appropriate State Police barracks: from New Hampshire border to Brunswick, barracks 1-800-228-0857; from Cushing/Boothbay to Lincolnville/Belfast area, barracks 1-800-452-4664; from Belfast to Canadian border, barracks 1-800-432-7381. This notice can be viewed on the Department's website at: <http://www.maine.gov/dmr/shellfish-sanitation-management/closures/pollution.html>. This information is also recorded on our HOTLINE (207-624-7727 OR 1-800-232-4733).
